Weather:

What season is it?

<p>_____</p> <p>In this season the snow melts, the nature awakes from its winter sleep. The weather is warm and sunny, sometimes rainy. Plants start to grow, flowers bloom, birds come back from the south, and baby animals are born. People work in the garden and plant seeds. We celebrate Easter. This season includes months: March, April, May.</p>	<p>_____</p> <p>In this season the days are long. The weather is nice, but when it's too hot it can be stormy. Fruits and vegetables ripe, we start to harvest them. School finishes and kids have 2 months long holiday. We can go to the beach, sunbathe and swim. This season includes months: June, July, August.</p>
<p>_____</p> <p>In this season the weather gets colder. It is often windy and rainy. But sometimes it is sunny - this we call "the Indian summer". The leaves of trees are colourful and fall down. Birds fly to the south. School year starts. Kids can fly kites. We celebrate All Saints' and All Souls' Day. English people celebrate Halloween. This season includes months: September, October, November.</p>	<p>_____</p> <p>In this season the days are short. It gets dark very early. It is cold, snowy, and freezing. Everything is white. There are icicles hanging down from roofs and roads are slippery. Children build snowmen, go sledging, skiing, ice skating, or snowboarding. We celebrate Christmas and New Year's day when we make fireworks. This season includes months: December, January, February.</p>
